

REXA is proud to announce a new and improved Demo Trailer

You are cordially invited to visit the Demo Trailer for a glimpse of REXA's product line for improving control and reliability. Schedule a visit while the trailer is in your area to see our latest technology, including the next generation X3 electronics.

Features include:

- X3D2500-90-C-P
- X3L2000-2-C-E
- X3L5000-2-1/2D-P
- X2L5000-6-(2) 1/2D-P
(Hot swappable power module)
- X3R5000-90-C-A
(Equipped with PST)
- Tablets to exhibit REXA Bluetooth interface

*For display purposes the demo truck and trailer require a space 8'Wx55'L with a clearance of 12' drive thru preferred.
